Bengaluru

## Career Objective

Recent B.Tech Computer Science graduate with a strong passion for technology and innovation, seeking an entry-level position where I can apply my technical skills and problem-solving abilities. Driven by a commitment to learning and delivering value, I aim to contribute effectively to a forward-thinking team while expanding my expertise in the field

## Projects

### MediConnect - HealthCare Simplified

10/2023 - 12/2023

Overview: Developed MediConnect, a comprehensive web application designed to streamline healthcare access by simplifying doctor appointment booking. The application includes distinct interfaces for doctors and patients.

Key Features:

Doctor Interface: Allows doctors to manage schedules.

Patient Interface: Provides patients with a user-friendly portal to book, or cancel appointments.

Technologies Used:

Frontend: HTML, CSS for responsive and accessible UI design.

Backend: Spring Boot for robust and scalable server-side processing.

Database: MySQL for secure, reliable data storage and management

## Technical Skills

Programming Languages & Tools: Java

Frontend Tools: Html, CSS

Database Management: Basic MySQL
